Transform your backyard

Custom pools tailored to your lifestyle

urban pool®

urban pool®

Urban Pool revolutionises the process of pool installation, making it not only easier, quicker, and more cost-effective, but also tailored specifically to your needs. Whether you're constrained by space or seeking a large pool for entertaining, Urban Pool enables you to customise everything from the swim system to the aesthetics.

Design your pool

We have created the quickest, easiest, and most cost-effective way to design a pool and have it installed in your backyard in a matter of weeks.

AUSTRALIAN MADE

Our pools are crafted in Australia and engineered from the finest quality acrylic in Melbourne. Made by Australians for Aussie families, they are designed to suit modern Australian backyards and weather conditions perfectly.

8 LAYER ARCTIC INSULATION

Featuring 8 advanced insulation layers, the Arctic Insulation system provides exceptional energy efficiency, lowering running costs for a most environmentally conscious pool solution.

7-YEAR KEY EQUIPMENT WARRANTY

Experience the ultimate peace of mind with our world-class key equipment warranty, encompassing all essential components of your Urban Pool for worry-free protection.

25-YEAR SHELL STRUCTURE WARRANTY

Our 25-year shell structure warranty guarantees enduring protection against leaks and structural defects. Crafted for ultimate durability, our Urban Pool shells are designed to provide decades of reliable performance.

25-YEAR FRAME WARRANTY

Built to last with a robust frame warranty, guaranteeing structural integrity even in the toughest conditions.

Choose your SIZE

DISCOVER YOUR IDEAL URBAN POOL: TAILORED TO FIT ANY SPACE AND LIFESTYLE

4 METRE

The 4 metre Urban Pool, designed as a compact solution, is ideal for couples or small families looking to enjoy the pool lifestyle. It serves perfectly as either a swimming exercise pool or a dip pool, offering exercise, fun and relaxation in a smaller footprint.

6 METRE

The ideal mid-size option, our 6 metre pool provides ample space for exercise, splashing and relaxation. It's the perfect pool and spa solution for urban backyards facing space constraints for families still desiring a full pool experience.

8 METRE

The 8 metre Urban Pool, the largest in our range, provides the complete pool experience. With generous space, it accommodates both a pool and spa experience or serves as an expansive exercise or dip pool, depending on your configuration preferences.

Choose your CONFIGURATION

Our Urban Pool configuration options allow complete customisation to amplify not only the look but experience of your new pool.

SIDE STEP

For the ultimate pool experience, the Urban Pool featuring the side step configuration offers easy and safe access, along with a full swim zone for endless enjoyment.

OPEN SPA SINGLE ZONE

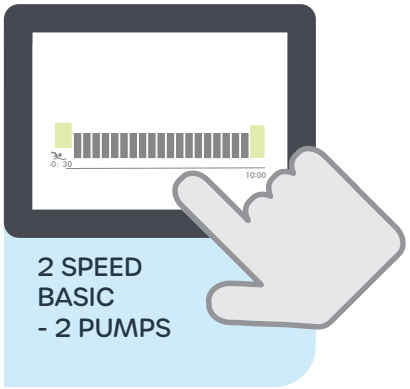
Available as an option in our 6 and 8 metre Urban Pool models, the open spa single zone combines a spa and pool experience in an open layout. This allows you to enjoy the benefits of a spa without compromising swimming space.

CLOSED SPA DUAL ZONE

Our dual zone configuration offers a secluded spa experience, maximising seating in the spa section, while still enabling someone to enjoy the swimming area. This design allows you to set different temperatures in each zone as well as enjoying the swim and spa experience simultaneously, providing multiple experiences in one pool.

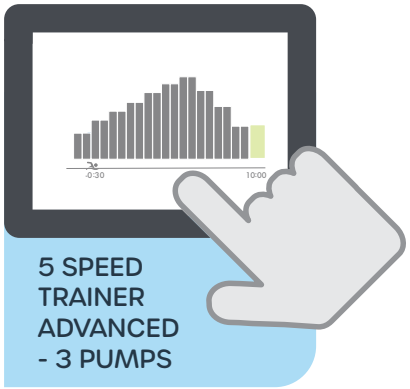
Choose your SWIM SYSTEM

Distinguishing Urban Pools from traditional counterparts is our integrated swim system, a revolutionary feature that enables a comprehensive full-body swim workout within a compact pool space. Powered by advanced swim system technology, this innovation offers a variable swimming experience that allows you to personalise your stroke technique and exercise intensity.



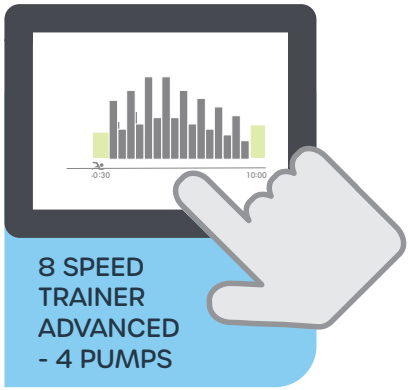
LEISURE SPLASH

The Leisure Splash brings leisure and play to your backyard with its dual-speed options powered by two pumps. It's designed for those who seek both relaxation and fun, offering a gentle swim and play setting that complements any lifestyle.



BEST OF BOTH WORLDS

The 5-speed trainer, equipped with three pumps, offers advanced swimming capabilities. Whether you're following a pre-set swim training regime or crafting your own custom schedule, this system supports both intensive ramp-ups and gentle cool-downs, accommodating every phase of your swim training needs.



POWER WORKOUT

The 8-speed trainer elevates your swim workout with four pumps for a fully customisable experience. Set your warm-up, engage in interval training, and enter your cool-down phase without ever needing to pause for adjustments. This system stands as the most intelligent and powerful swim workout option available, setting a new standard for aquatic fitness.

Choose your HEATING

Take control of your household energy efficiency, allowing easier insight into your output. From budget-friendly options right up to our quickest heat up time, you can completely tailor your pool's heating system to your desires.

3kW ELECTRIC

Immerse yourself in the luxury of effortless relaxation with our energy-efficient 3kW heater. Designed for optimal warmth and enduring comfort, every Urban Pool is equipped with a 3kW heater as standard, ensuring a perfect heated embrace unless you opt for an upgrade.

INVERTER HEAT PUMP

Upgrade your swim spa experience with the advanced 13kW Inverter Heat Pump, delivering superior energy efficiency, precise temperature control, and whisper-quiet operation. Whether you're soaking in the spa or enjoying a vigorous swim, this innovative technology ensures your water stays at the perfect temperature while minimising running costs. Effortlessly integrated with your swim spa's touchpad or the iSpa® Wi-Fi Connect, the Inverter Heat Pump puts control at your fingertips—adjust settings, monitor temperatures, and optimise energy use with ease.

HYBRID GAS HEATER

The Hybrid Gas Heater is the premier choice for unparalleled heating efficiency. Offering swift heat-up times and cost-effective operation, it's the smart solution for achieving and maintaining the ideal water temperature. Enhanced with iSpa® Wifi Connect App compatibility, it offers the convenience of remote control and monitoring, all while offering up to a 70% reduction in pool running costs.

Choose your LOOK

Our Urban Pools are available in five different shell colours and six stylish cabinet options, ensuring there's a choice to complement every backyard aesthetic and style.

SHELL COLOUR OPTIONS

- Blue Marble
- Black Marble
- White
- White Marble
- Sandstone

CABINET COLOUR OPTIONS

Tufflock Cabinet

STYLE, STRENGTH AND ZERO MAINTENANCE

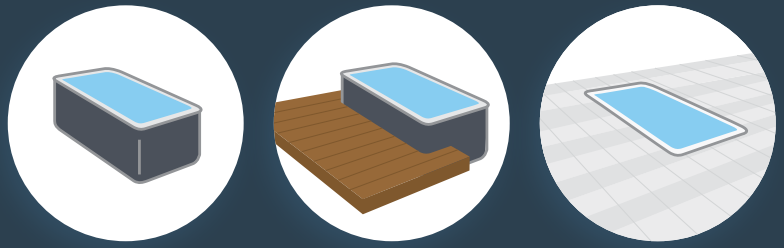
The Tufflock Cabinet system enhances the look of your swim spa while delivering durability and protection. Built to withstand the elements, the Tufflock Cabinet locks together seamlessly, offering a secure barrier to protect the inner workings of your spa. Made from Eternawood, the Tufflock cabinet is maintenance-free without the worry of ongoing upkeep.

Install and enjoy

Urban Pools are delivered pre-assembled, with all critical systems expertly integrated within the pool's framework, making for an effortless installation in your backyard.

With Urban Pool, you can install your pool with three easy installation alternatives, giving you the ultimate flexibility to customise the setup to meet your precise needs.

INSTALLATION OPTIONS

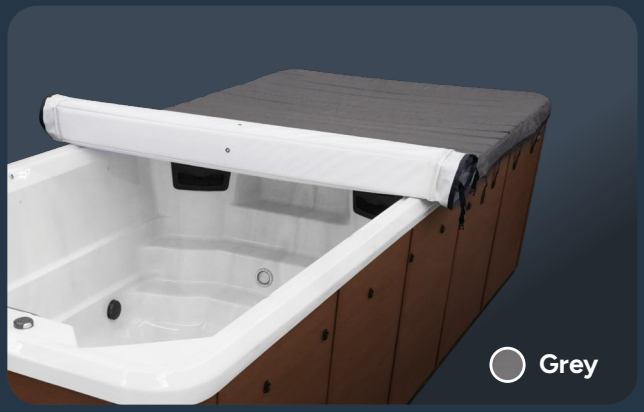


Freestanding | Decking | Paving

COVER OPTIONS

AquaTherm Lockable Cover

The AquaTherm Lockable Hardcover is crafted from high-grade steel ribbed polymer and covered with marine-grade vinyl. Built to withstand Australia's harsh weather conditions and UV exposure, it offers long-lasting durability and protection.



Aquaglide Rolling Cover

For a lighter, more flexible option, the AquaGlide Rolling Cover features a weatherproof outer layer and insulation foam to lock in heat. Its lightweight design makes it easy to roll up and store, offering a convenient, less bulky alternative.

3m - 14kg | 4m - 18kg | 5m - 22kg | 6m - 26kg

Swim Spa Cover Lifter

The Swim Spa Cover Lifter makes removing your spa cover simple and hassle-free. Just fold the cover in half and slide it into the cradle, which smoothly lifts the cover upright in one easy motion—and returns it just as effortlessly when you're done. Built to withstand the elements, this weather-resistant, freestanding design ensures years of reliable use.
